LYTLE EAP PARTNERS
Well-being at work

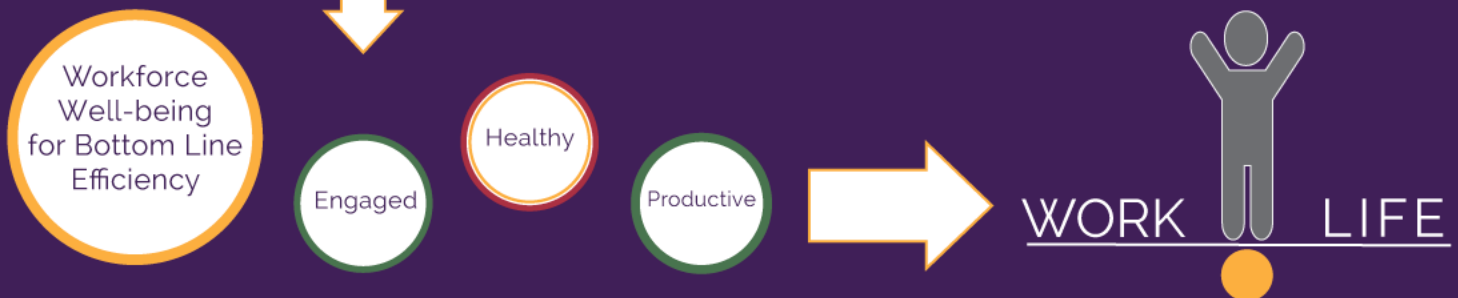

Due to the increasing demands of multi-faceted lives, employees find it more difficult to manage personal concerns and remain focused at work.

NOW WHAT?

Using an EAP is a proven strategy for assisting employees and their families with personal and work related issues.

Lytle's practical and effective strategies can improve your bottom line by improving your employees' overall well-being.

What are the potential costs facing your organization due to employee problems?
